Athletic Teams and Spectators

Throughout the pandemic USD 247 has followed the guidance set forth from the Crawford County Health Department. To begin this year they have advised that while indoors spectators and athletes wear masks and practice social distancing.

Therefore, we will begin this fall athletic season with the following strategies in place:

- Masks will be required for all athletes, spectators, and coaches while indoors. This includes locker rooms and indoor seating areas.
- Social distancing will be required for all seating areas both indoor and outdoor.
- Masks will be encouraged to be worn for outdoors seating areas particularly those where social distancing is not possible.

Admission will be collected for all events this season and we will have a concession stand available.

These strategies will remain in place **unless further direction** is given from the Crawford County Health Department. We look forward to a great athletic season!

Respectfully,

Nick Hansen
Principal

Ashley Hobbs
Athletic Director
